FreeMSG Jones Bank Fraud Center \$123.45 on card 1234 at Shopsmart. If valid reply YES, fraud NO. To Opt Out, STOP

Yes

FreeMSG Jones Bank Fraud Center. Thank you for confirming this activity. You may continue to use your card. To Opt Out reply STOP.

With Jones Bank fraud monitoring, keeping your card safe is as easy as sending a text.

Our fraud monitoring text messages allow you to instantly keep tabs on suspicious card activity.

At Jones Bank, we want to make sure that using your debit card is always as safe and convenient as possible.

That's why we use text messages as part of our ongoing fraud monitoring program.

JonesBank

How It Works:

With **fraud monitoring text messages**, if our system detects suspicious activity on your card, you'll receive a text message with details about the suspected transaction. All you have to do is respond to the text to confirm the transaction.

If you indicate the transaction is fraud, you'll receive another message with a number to call for follow-up. If not, you're all set. The system will mark the transaction as legitimate and you can get on with your day – **simple as that**.

Getting Started:

If we have your mobile phone number on file, you don't have to do anything. It's really that easy. If there is suspicious activity, we'll send a text message right away.

If you need to verify or update your mobile phone number, please call us at 402-643-3602.
